Art. 9. A motion was made by Earl Wadsworth and seconded by Normand Charest to see if the Town will vote to raise and appropriate the sum of \$330 to pay for certain studies of electric load profiles within the Town and other related research in furtherance of the possible aggregation of the Town's and/or its residents' and businesses' electric loads in the NHMA Pooled Energy Plan in preparation for deregulation of the electric industry in New Hampshire.

This article was so voted in the affirmative.

Art. 10. A motion was made by Dwight Stiles and seconded by Debbie Kaczinski to see if the Town will vote to raise and appropriate the sum of \$25,000 for a well and septic system for the Town Building and to authorize the withdrawal of \$25,000 from the Pontook Hydro Fund. The Selectmen feel this should be done as the building wouldn't be able to accommodate a large number of people if a disaster happened such as the Ice Storm this winter.

This article was voted in the affirmative.

Art. 11. To transact any other business that may legally come before this meeting. At this time Normand Charest said he would like to personally thank Steve Morrisette for the time he had served as Selectman for the Town, a round of applause was given to Steve by the people at the meeting. Lorraine Duchesne made a motion at this time to adjourn seconded by Steve Morrisette. It was so voted. Dan Malone from M&D Ambulance invited the people to look over the new Ambulance as he had brought it up so people could see it. Meeting was adjourned at 8:00 P.M.

Respectfully submitted,

Louise Gagnon, Town Clerk

TRANSMITTAL AND COMMENTARY LETTER

Board of Selectmen
Town of Dummer
Dummer, New Hampshire 03588

Members of the Board:

In planning and performing our audit of the financial statements of the Town of Dummer, New Hampshire for the year ended December 31, 1997 we considered the Town's internal control structure to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on the internal control structure.

However, during our audit we became aware of the following conditions that should be corrected in order to strengthen internal controls and operating efficiency. This letter does not affect our report dated April 30, 1998 on the financial statements of the Town of Dummer, New Hampshire.

Our following remarks are being made in the hope that they will improve existing procedures and are in no way a criticism of Town personnel.

1. Property Card Updates

During our audit of the tax records we noted several property cards that did not have the correct owner's name on the card. Although the information had been updated on the computer, no one had corrected the names on the property cards.

Recommendation

Any ownership changes should be noted on the property card as well as in the computer.

2. Dump Closure Funds

In 1995 the Town voted to raise and appropriate \$26,571.00 for Dummer's share of the closure costs of the East Milan Landfill. As of December 31, 1997, \$10,468.76 had been paid to Berlin to cover Dummer's share and the remaining balance has been left in a separate bank account with the intent that it would be used in the future to cover the cost of monitoring the site.

Recommendation

If the Town does not want the balance in the account to be included in their unencumbered fund balance available to offset taxes they should vote to set the money aside in an expendable trust fund with the Selectmen designated as agents to expend.

3. School Bus Capital Reserve Funds

The capital reserve funds at December 31, 1997 include \$48,285.41 in school bus capital reserve money but the district now contracts out the transportation of students.

Recommendation

If capital reserve funds are no longer needed for the purchase of a school bus, the district should vote to change the designation of these funds or vote to return them to the general fund to offset taxes.

4. Cash Receipts Classification

Differences were noted in the classification of cash receipts between the Treasurer's records and those of the Selectmen. The total cash receipts were the same.

Recommendation

The Treasurer should summarize cash receipts by category and reconcile with the Selectmen's office on a regular basis.

We extend our thanks to the officials and employees of the Town for their assistance during the course of our audit.

Very truly yours,

Francis J. Dineen, CPA

INDEPENDENT AUDITORS' REPORT ON FINANCIAL PRESENTATION

To the Members of
the Board of Selectmen
Town of Dummer
Dummer, New Hampshire 03588

We have audited the accompanying general purpose financial statements and the combining and individual fund financial statements of the Town of Dummer, New Hampshire as of, and for the year ended December 31, 1997, as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As is the practice with many New Hampshire municipalities, the Town of Dummer, New Hampshire has not maintained a record of its general fixed assets and, accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial report.

In our opinion, except for the effect on the financial statements of the omission described in the third paragraph the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Dummer, New Hampshire as of December 31, 1997, and the results of its operations and cash flows of its nonexpendable trust funds for the year then ended in conformity with generally accepted accounting principles. Also, in our opinion, the combining and individual fund financial statements referred to above present

Board of Selectmen
Town of Dummer

fairly, in all material respects, the financial position of each of the individual funds of the Town of Dummer, New Hampshire as of December 31, 1997, and the results of operations of such funds and the cash flows of nonexpendable trust funds for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole and on the combining and individual fund financial statements. The accompanying financial information listed as the supplemental schedule in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements of the Town of Dummer, New Hampshire. Such information has been subjected to the auditing procedures applied in the audit of the general purpose, combining, and individual fund financial statements and, in our opinion, is fairly presented in all material respects in relation to the financial statements of each of the respective individual funds taken as a whole.

Very truly yours,

Francis J. Dineen, CPA

TOWN OF DUMMER, NH
SELECTMEN'S REPORT 1998

It has been a good year for this Board which has left us with a feeling of positive accomplishments.

We were pleasantly surprised early in the year to receive an award from AVRDD for the recycling efforts of the Citizens of Dummer. This attractive plaque was presented by Sharon Gauthier and Earl Wadsworth.

We are very happy to have a new well and a new septic system in place at our Town Building, both of which were completed for less than the budgeted amount. We have also installed a heating oil tank inside the Town Hall in preparation for the removal of our last underground storage tank. Our next project will be the painting of the building which is badly needed.

A member of the Board attended the Portland Pipeline Emergency Management Seminar. The most important message is to never operate any heavy equipment or dig near the pipeline without Portland Pipeline personnel present. They are staffed to field any concerns within 1 1/2 hours of a telephone call.

It should be noted that the Town of Dummer received reimbursement of 75% of the ice storm clean up costs with another 12 1/2% to be received from the State of New Hampshire.

We contracted with North Country Council to assist in a Municipal Road Assessment to assist us with our long term maintenance planning. A final report is expected to be completed by spring.

As always, we are looking for interested citizens to fill important positions within the Town. Anyone interested, please contact the Selectmen's Office.

ANDROSCOGGIN VALLEY REGIONAL REFUSE DISPOSAL DISTRICT

The Androscoggin Valley Regional Refuse Disposal District ended 1998 with unaudited assets of \$999,918.69. Liabilities were \$225,000 which consists of long term debt to the New Hampshire Municipal Bond Bank for money borrowed to build and equip the Materials Recovery Facility. This is a ten year bond with the final payment due in August 2001.

ASSETS AND LIABILITIES

Operating Capital(Cash on Hand)	\$102,392.04
Household Hazardous Waste Reserve	26,241.61
Equipment Capital Reserve	85,795.00
MRF Development Reserve	46,163.25
Recycling Equipment	148,933.00
Materials Recovery Facility(MRF)	531,608.00
Office Equipment	11,031.79
Land (Route 110)	47,754.00

TOTAL ASSETS	\$999,918.69
LONG TERM DEBT	225,000.00
NET WORTH	\$774,918.69

The 1998 budget apportionment to our member municipalities totalled \$398,578.00. A surplus of \$122,312.09 from the 1997 budget was used to reduce apportionments with a net budget of \$276,265.91 being billed to our member municipalities. The proportionate share of the credit for the Town of Dummer was \$974.84 reducing your gross apportionment of \$4,354.38 to \$3,379.54. Preliminary reconciliation of the 1998 budget shows a surplus of approximately \$93,101.94 being available to credit toward 1999 apportionments.

TOWN OF DUMMER, NH

Our Materials Recovery Facility processed a total of 2,534.06 tons of recyclables for the period of January 1, 1998 through December 31, 1998 representing \$77,861.61 of marketing income to the District. For every ton recycled, income is generated and the cost of disposal at the landfill is avoided.

During the period November 1, 1997 through October 31, 1998, the fiscal accounting for municipal solid waste (MSW), 8,081.80 tons of MSW were disposed of at the Mt. Carberry Landfill. The cost of disposal was \$238,546.29.

Election of officers was held at the District annual Meeting in April 1998. Raymond Chagnon of Berlin was re-elected District Chairman, Clara Grover of Errol was elected Vice Chairman and Earl Wadsworth of Dummer was re-elected Secretary-Treasurer. Other District Representatives are Michael Duchesne of Milan, Yves Zornio of Gorham, David Tomlinson of Randolph, Rita Cloutier of Jefferson, Jeffrey Brown of Northumberland, Fred King of Coos County and George Bennett of Stark.

In May 1998, the District moved from 191 Main St., Berlin to 15 Mt. Forist St., Post Office Building, First Floor, Berlin.

In June 1998, the District conducted its seventh annual Household Hazardous Waste Collection Day. The collection was at the Gorham Town Garage with 316 households participating. The project was funded through a charge of 25 cents per capita for the population of each member municipality based on the 1990 federal census population count. The State of New Hampshire reimbursed the District for one-half of the total cost after the collection was completed. The District contracted with Laidlaw Environmental, Inc. for the collection. This event is conducted annually, the first Saturday in June.

TOWN OF DUMMER, NH

In anticipation of the closure of the Cates Hill Landfill, the District Board of Directors had a conceptual site plan prepared for a transfer station to be located at our District MRF to accommodate construction and demolition debris and bulky waste. Financing for construction of the transfer station will be through an assessment in 1999 of \$5.62 per capita for the population of each member municipality based on the 1990 federal census population count. The facility is scheduled to be completed by November 1999.

During 1998, The Administrative/Coordinator charged 1,447.75 hours of work completed to the District. 1,297 pieces of incoming correspondence and 1,360 pieces of outgoing correspondence were processed. 1,748 telephone calls were received or made and 24,615 copies were reproduced on the office copier. 241 meetings on numerous subjects and issues were attended.

THE MENTAL HEALTH CENTER

December 29, 1998

Chairman & Members of the Board
Dummer Board of Selectmen
Hill Road
Milan, NH 03588

Dear Mr. Chairman and Members of the Board:

The Androscoggin Valley Mental Health & Developmental Services Advisory Council respectfully requests that the Town of Dummer continue its support of this agency through an appropriation in the amount of \$325.00 at the 1999 Town Meeting. This amount represents a \$1.00 per capita contribution based on figures from the most recent New Hampshire population listing. These funds will be used exclusively for the support of outpatient services provided through Androscoggin Valley Mental Health Center.

Over the past 31 years this agency has provided mental health services to hundreds of people living, working, raising families and going to school in the Androscoggin Valley area. Outpatient mental health services are not funded by state or federal dollars. They are expected to support themselves through client fees, third-party insurance payments, and through local support such as contributions from towns, cities and the United Way. In order to make these services affordable to all persons in need of them, fees are adjusted according to the recipient's ability to pay. Your present and past appropriations have enabled us to follow this practice and your support this year will assure its continuance. We see these services as the backbone of our community's mental health efforts and as essential in the prevention of more serious emotional, social and community problems.

TOWN OF DUMMER, NH

I fully appreciate the financial pressures on local governments at this time. Many of the conditions responsible for these pressures have also resulted in a significant increase in persons seeking our services. We need your ongoing assistance to continue to provide your citizens with the care they are seeking.

Please advise me as to what, if any, additional steps I need to take to insure that this item appears in the warrant. I would be happy to come before you and/or the Budget Committee to more fully discuss this request and to respond to any questions that you might have regarding it and the services provided by this agency.

On behalf of the Dummer residents we serve, I thank you for your consideration of this request.

Sincerely,

Arthur A. Froburg
Area Director

THE CONSERVATION COMMISSION REPORT

The Conservation Commission was reactivated this year after having been inactive for the past several years. The Commission's primary function is to identify and protect the town's natural resources as well as its heritage.

We received invaluable assistance in getting organized from the NH Association of Conservation Commissions as well as from individual members of other Conservation Commissions in the area. We would like to become members of this association in the coming year.

Once organized, we began the formidable task of completing a natural resources inventory. In July, the Commission hosted a slide presentation on wildlife of the Pontook area, and in September, we arranged a canoe tour of this area. In November, we held a public hearing in conjunction with the Planning Board to obtain public input on conservation issues. We have continued to work closely with the Planning Board to propose changes to the Town Zoning Ordinance, which will be voted on this year.

In addition, the Conservation Commission reviewed all applications for Wetlands Permits, and worked with the North Country Council to produce a series of natural resource maps. We have gotten off to a good start but much remains to be done. Conservation Commission meetings are held on the 3rd Tuesday of every month at 7:30 P.M. at the Town Hall and are open to the public. We also need 2 or 3 more people to serve on the Conservation Commission. Anyone who is interested in this challenging but rewarding opportunity should contact the Board of Selectmen or a member of the Commission:

1998 LIBRARY REPORT

The Dummer Public Library had 198 patrons use the library. They took out 119 books, 14 videos, and 3 magazines. Many of the material was renewed by the telephone. Some materials are still over due.

The library in cooperation with the Milan Rec. Dept. and Milan Public Library had a very successful summer reading program. It was run for four weeks, two in Dummer and two in Milan with the average of 15 children per week. We went on bug and rock hunts, learned the state tree, flower, bird, animal, etc., and visited the farm stand for a very soggy tour. The Little Red Wagon performed for us on a sunny Saturday morning. Many thanks to all the children, parents and volunteers that help make this program a great success. Special thanks to Lynn Bacon and Heidi Holt for being the creative project builders.

The library applied for a grant to cover the cost of a computer, printer, internet access etc. In the late fall, word was sent that we would receive this grant as long as a transition plan could be worked out and in place. We worked and got the proposed plan in place and should receive the money in January. Then the computer will be ordered, services setup and it will be open to the public to use once up and running.

I would like to say "Thank you" to all who use, support or donate to the library. Special thanks to the Make A Difference Day volunteers for all the new and used books they gathered up for our library and that of the surrounding communities.

M & D AMBULANCE SERVICE
1998 ANNUAL REPORT

I would like to say **THANK YOU** to the towns of Milan and Dummer for all their support throughout the year.

Milan and Dummer Ambulance had a lot of changes during the year. We took delivery of a new 1998 Ford/McCoy/Miller Ambulance, which replaced 1987 Ford/Wheeledcoach ambulance. The small committee worked with a lot of different vendors trying to find an ambulance that would fit the Milan/Dummer area. The new ambulance has been in place for one year and has been working out very nicely. The Ambulance Attendants have been very pleased and everything fits very well.

I would like to thank all the ambulance attendents for a great job over the course of the year. Alot of things have been changing and I thank them for their support. I look forward to working with all of them in the upcoming year.

I would like to thank Christine Bernier and Sharon Horne for all their work.

Respectfully submitted,

NORTH COUNTRY COUNCIL 1998 REPORT

As North Country Council completed its 25th year of operation in 1998, we recalled working with the 279 local boards in the North Country in the completion of over 1300 projects since 1973. Starting as an organization that served five towns in 1973, NCC's membership now encompasses 47 towns, 23 unincorporated places and 2 counties, more political jurisdictions than any other regional planning commission in the state. With this growth in membership, we have seen some extraordinary changes in the last twenty-five years.

In 1973, a first class stamp was 8 cents. A local phone call involved dialing the last four digits of the number on a rotary dial phone. A telephone in a car was the stuff of Dick Tracy. Some of us had photocopy machines, nobody had personal computers yet alone fax machines. A hand held calculator was both a \$100 luxury and a technological marvel.

Hundreds in the North Country worked in shoe and glove factories; many more worked in wood products industries. Employees at Lincoln's paper mill outnumbered workers at Loon Mountain. Ski area operators prayed for natural snow. Snowmobiles were slow, awkward contraptions. A job at a local bank was a lifetime position, and those banks often made loans to established customers on a handshake. General practitioners delivered all the babies in the region; obstetricians and most other specialists were based in Hanover or further south.

Main Streets were dotted with Woolworths and Newberrys. Local dairies left milk in a metal box on your doorstep. Subsidized housing for elderly and families was a novelty. Industrial Parks were in the dream stage. Municipal sewage treatment plants were rudimentary, if they existed at all. At dusk, you could go to the local town dump and watch foraging bears. There were fewer than five master plans in all 51 North Country towns.

TOWN OF DUMMER, NH

There were five traffic lights in the entire 3500 square mile region of the North Country. Except for an isolated section of Littleton, the four lane, 70 mph interstate ended in Lincoln. After 9 p.m., you couldn't buy gas or a cup of coffee north of exit 23. A long distance drive in Coos County after 9:00 p.m. meant utter solitude. Route 115 from Jefferson to Carroll was a trucker's ordeal. Congestion on Route 16 through the Conways was an occasional summertime annoyance.

We had no VCR's, no video stores and no satellite dishes. If we had any TV reception at all, we received channel 8 and a fuzzy channel 3. Few towns were equipped with cable and few of the people in those towns were connected to it. We packed gyms for basketball games and town halls for town meetings. Today, community gatherings are more sparsely attended. We gained ESPN, but we also lost something too.

It seems that, advances in communication and transportation made us less remote from the world but cruelly, they have made us more remote from our own communities. We are now more likely to e-mail someone across the country than we are to have our next door neighbor in for a cup of coffee. Big highways have brought us more visitors. Although they come more frequently, those visitors tend to stay for shorter intervals. Moreover, today's visitors seem to demonstrate less stewardship of the North Country. When people are less rooted in a place, they are less likely to invest time to make that place better. Yet, the changes and social upheaval we have witnessed cannot be blamed wholly on new technology and infrastructure.

Since 1973, Washington overhauled policies governing banking, energy, environment, international trade and myriad other aspects of our daily life. The impact of new legislation on "community fabric" and local enterprise was deep and far-reaching. Banks and health care providers changed drastically. Some towns sprouted second homes and condominiums while other towns clung tenaciously to mainstay manufacturers and watched those manufacturers decline, disappear or reinvent themselves entirely. Old jobs vanished and new ones emerged.

TOWN OF DUMMER, NH

During this time of pervasive economic and social change, NCC helped to write more than 40 master plans with our member towns to guide or limit growth or just to help a town get a handle on its destiny.

The North Country Council is not the same organization it was in 1973, anymore than your town is the same as it was. As your town and its needs changed over the years, our role and response has changed. For example, we will always advocate better roads, rails and trails, but now we endeavor to showcase local landscapes, history and cultural heritage, to get people out of their cars, and to encourage other modes of transportation. Changing times summon new initiatives. Twenty five years ago we worked primarily with municipalities in housing and community planning. Now we also work with social service organizations, health providers, school districts and non profits to meet new needs. In 1973, our infrastructure work program was focused exclusively on sewer systems, water systems and storm drainage systems, to bring them into compliance with newly established federal regulations. Now, as challenges ranging from solid waste to economic development resist local solutions, our focus has become more regional. In 1999, one of our primary infrastructure goals is to strengthen community, build economic base, supplement our education and health care delivery and encourage a well-informed citizenry by upgrading telecommunication capacity in the region.

The last twenty-five years left NCC with rich legacies. We have an expert knowledge of the North Country and its interface with Concord and Washington. Half of the staff at the Council are North Country natives and the other half have lived here more than half of their lives. Our staff knows what works in the North Country and how to get things done. We have learned to seek incremental improvements through sharing information, evaluating policies, holding forums,

TOWN OF DUMMER, NH

building partnerships, linking agencies, informing citizens and state/federal officials, providing technical support and securing funds. Twenty-five years of experience has given us the knowledge and the technology to serve you better. These legacies are the promise of our next twenty-five years of service.

TOWN OF DUMMER, NH
TRI-COUNTY COMMUNITY ACTION

December 30, 1998

Board of Selectmen
Hill Road
Milan, NH 03588

Dear Selectmen:

Tri-County Community Action is requesting at your 1999 town meeting \$725 in funding from the Town of Dummer to help support its Community Contact Program. Community Contact has provided services for 45 of Dummer's citizens to include fuel assistance and other Community Action Programs.

**TRI-COUNTY COMMUNITY ACTION HAS SPENT \$7,579.46 ON
DUMMER CITIZENS BETWEEN JULY 1, 1997 AND JUNE 30, 1998.**

Community Contact provides necessary services for the less fortunate citizens in our communities, who would otherwise have to seek help from the town. We are depending upon funding from your town and neighboring communities county wide. The local funds are combined with the Community Services Block Grant, Fuel Assistance and NH Emergency Shelter Grant, Homeless Programs and FEMA. We also are the conduit through which the USDA Surplus food gets distributed to food pantries, including our own, throughout Coos County in order to serve our residents.

If you have any questions, please give me a call.

Sincerely,

Deborah Walsh Harwell, Coos County
Community Contact Manager

TOWN OF DUMMER, NH
TRI-COUNTY COMMUNITY ACTION

1997-1998 COMMUNITY CONTACT REPORT
TO THE TOWN OF DUMMER

Community Contact is the field services arm of Tri-County CAP. Our purpose is to assist low-income, elderly and handicapped persons to solve problems and meet their physical and financial needs. We accomplish this by providing information, counseling, referrals, budget counseling, guidance, organizational assistance, and by effectively linking households with CAP assistance programs and using community resources.

Last year the following direct financial assistance was provided to the residents of Dummer by the CAP Community Contact Office.

	<u># HOUSEHOLDS</u>	<u># INDIVIDUALS</u>	<u>\$ AMOUNT</u>
Fuel Assistance	14	26	\$ 5,659.46
USDA Food/Food Pantry Assistance	2	4	\$ 120.00
Commodity Surplus Food Program (six distributions per year)		5	\$ 1,800.00
<u>Total Direct Assistance:</u>			<u>\$ 7,579.46</u>

(Volunteer Assistance: 1,475 hrs. @ \$5/hour = \$7,375)

Additionally, we provided information, referrals, budget counseling to 10 individuals who were homeless or in imminent danger of homelessness, in need utility assistance, health/medical resources transportation, employment, furnishings, welfare assistance, and educational, domestic violence/substance abuse resources.

With your help, we anticipate being able to provide at least the same level of services to the Town of Dummer this year.

REPORT TO THE CITIZENS OF COUNCIL DISTRICT ONE

As one of your elected officials, I am honored to report to you as a member of the New Hampshire Executive Council. This five member elected body acts much like a board of directors of your New Hampshire State Government in the Executive Branch.

In my twentieth year representing this District with 98 towns and four cities, there are many changes I've seen and been a part of in the past. My focus in this report to you is toward the future and some suggestions on how you as citizens might be encouraged to participate in the future.

The following are some ideas and suggestions. The Governor and Council have a constitutional and lawful duty to fill dozens of boards and commissions with volunteer citizens. If you are interested in serving on one or more of these volunteer posts, please send me your resume at the State House and I'll see that it is passed on to Kathy Goode, Governor Shaheen's liaison to the Executive Council, or you may wish to send them directly to the Governor's Office, State House, 107 North Main Street, Concord, NH 03301.

Other resources available to your town/city/county include 10 million dollars (\$10,000,000) through the Community Development Block Grant program at the **Office of State Planning**. Call Jeff Taylor at 271-2155 to see if your town or area qualifies.

Annually there is available some 10 million dollars (\$10,000,000) available through the **New Hampshire Attorney General's Office** for innovative programs for drug and law enforcement, stress programs dealing with youth at risk, assistance to victims, and special programs for victims of domestic violence. For information call Mark Thompson at 271-3658.

TOWN OF DUMMER, NH

Communities may request assistance through the **NH National Guard Armory**, General John Blair's Office, for services such as a Drug Detection Dog, Community Presentations on Drug Demand Education and Career Direction Workshops. Telephone number is 225-1200.

The **Office of Emergency Management** at telephone number 1-800-852-3792 is the proper call when an emergency develops in your area such as floods, high winds, oil spills and ice jams.

State and Federal Surplus items may be purchased at a minimum cost. Call Art Haeussler at 271-2602 for a list and newsletter.

In **New Hampshire Correctional Industries**, there are many products and services of use to towns, cities and counties such as street signs, vehicle decals, printing, car repair, furniture and data entry services, including web page development, call Peter McDonald at 271-1875.

People and businesses looking for work - vocational rehabilitation, job training programs should call **NH Employment Security** at 1-800-852-3400.

NH Department of Environmental Services has available 20% grants for water/waste water projects and landfill closure projects, revolving loans for water/waste water and landfill closure, and also money for Household Waste Collection days call 271-2905. State Revolving Loans has available around 35 to 50 million dollars (\$35,000,000 to \$50,000,000) per year. For information call 271-3505.

Oil Funds - There are five petroleum funds which cover: oil spill cleanup and emergency response; reimbursement for cleanup by owners of: motor fuel underground and above ground tanks; heating oil facilities (primary home owners); and, motor oil storage facilities (service stations and automobile dealers). For information call 271-3644. Further, there is a municipal grant fund for construction of used oil collection facilities and operating training. For information call 271-2942.

TOWN OF DUMMER, NH

Household Hazardous Waste Collections Days - Annual grants to cities and towns for collection of household hazardous waste provide dollar for dollar matching funds up to a total of 50% of the costs incurred. For further information call 271-2047.

NH Health & Human Services Department has numerous divisions, providing a variety of services and assistance...mental health, public health, children and youth, etc. All of these may be obtained by calling 1-800-852-3345.

All of your New Hampshire State government can be accessed by the general phone number at 271-1110 and through the State Webster Internet <http://www.state.nh.us>. Your New Hampshire Government is at your service, please call my office anytime I can be of help. (271-3632 and e-mail: rburton@gov.state.nh.us)

To the members of the community of Dummer:

The right to an adequate education mandated by the constitution is not based on the exclusive needs of a particular individual, but rather is a right held by the public.... A constitutionally adequate public education is not a static concept removed from the demands of an evolving world. Mere competence in the basics – reading, writing, and arithmetic – is insufficient in the waning days of the twentieth century to insure that this state's public school students are fully integrated into the world around them. The New Hampshire Supreme Court, in its **December 17, 1998, Claremont II decision.** For residents of New Hampshire, this historic decision has far-reaching cultural and financial impact. The cultural impact will be the result of a higher standard of quality for educational programs statewide and an increased oversight of state government in our local school programs. As the legislature meets to develop laws to implement this decision, communities must be sure that their representatives preserve our fundamental concept of locally controlled community schools. The financial impact will be the result of increased state funding of “an adequate education.” Depending upon the taxation method adopted by the legislature, increased state funding should significantly reduce local property taxes paid to support our schools. Analysis by independent taxation consultants concludes that only the state property tax, an income tax, or some form of increased business profits tax can generate enough revenue to provide “an adequate education” funded by the state. Regardless of the funding mechanism adopted, future local tax bills for our public schools will be different from those of the past and, in Dummer, lower.

New Hampshire Educational Improvement and Assessment Program (NHEIAP):

Beginning in 1994, the NH Department of Education began a testing program mandated by the legislature to determine each school's performance on statewide adopted curriculum goals in language arts and mathematics. The “assessment” program began in grade three and in 1996 expanded to grades six and ten with the added curriculum areas of science and social studies. Our teachers have worked very hard to adapt our local program of studies to the requirements of the “New Hampshire Curriculum Frameworks.” The performance of our students on the third grade assessment for the five years that the test has been given is within the statewide average and the performance of our students on the sixth grade assessment for the three years that the test has been given is on the lower end of the statewide average. We need to set goals toward ever higher levels of performance. The Milan School Board has set a goal that ninety percent of our students will perform at the proficient or advanced levels of the New Hampshire Educational Improvement and Assessment Program by the year 2000. We may not reach that goal; however, the result of its pursuit will be the development of student/scholars who find challenge, excitement, fulfillment, and reward in a life of learning.

Cooperative School District Study: The study, authorized by your vote of March 1996, has made significant progress. At this point, the Committee is in agreement that a cooperative school district at the level of the upper grades is economically and educationally justified; however, the implications of the Supreme Court's Claremont II decision have prevented development of a fair and legal formula for dividing school costs among the Berlin, Dummer, Gorham, Milan, Randolph, and Shelburne School Districts. The School Board recommends that the District vote to extend the Cooperative School District Study Committee's authority for an additional three years so that this key element can be resolved and a recommendation made to the six districts.

Leadership: On behalf of the staff and communities of School Administrative Unit #20, I would like to thank George Moskevitz for his leadership on the Dummer School Board and his dedication to the welfare of the children in all of our communities. George has always been the first to offer help and the last to leave when there was a job to be done.

Respectfully submitted,

Daniel J. Whitaker

DUMMER SCHOOL MEETING

MARCH 10, 1998

The meeting was called to order at 11:00 A.M. the polls were opened at this time and closed at the close of the meeting. Voting for all officers was by ballot. The school business meeting was held at 6:00 P.M. March 9, 1998. The business meeting was called to order by Moderator Craig Doherty. Officers elected for the ensuing year are as follows:

Votes cast for Moderator for 3 years	Craig Doherty	61
Votes cast for School Clerk 3 years.....	Louise Gagnon	62
Votes cast for School Treasurer 3 years....	Deborah Moskevitz	61
Votes cast for School Board 3 years.....	George Moskevitz	61
Votes cast for Two Auditors 1year.....	Rachel Jewett	57
	Doris Bergeron	57

Art. 1. A motion was made by Nona Cordwell and seconded by Steve Morrisette to hear the reports of agents, auditors, committees, or officers heretofore chosen and pass any vote relating thereto. As there were none, this was so voted.

Art. 2. A motion was made by Julie Hallee and seconded by Debbie Kaczinski to determine the salaries of the school board, school district treasurer, moderator, clerk truant officer, and the census taker as follows:

School Board Chair	100.00
School Board	2.... 70.00
Treasurer.....	1.... 100.00
Clerk.....	1.... 20.00
Moderator.....	1.... 20.00
Auditors.....	2... 30.00 each
Truant Officer.....	1... 20.00
Census Taker.....	1.... 50.00

Art. 3. A motion was made by Nona Cordwell and seconded by Jean Morrisette to see if the District will vote to raise and appropriate, and expend the sum of \$ 308,054.60 for the support of schools, for the payment of salaries of school district officials and agents, and for the payment of statutory obligations of the District said sum to be in addition to the sums raised under previous articles in this warrant. (Recommended by the School Board). At this time George Moskevitz asked this be amended to 313,874.60 an increase of tuition (5,820.00) as there had been another child added to the tuition list, this amendment was seconded by Nona Cordwell. This was voted in the affirmative.

Art. 4. To transact any other business that may legally come before this meeting. At this time Mr. Whitaker gave a report on the School Cooperative study. Also discussed was having the School Meeting at a better time as it was hard to get home from work, and to the Meeting for 6:00 P.M. This will be looked into. At this time 7:45 P.M. Steve made a motion to adjourn seconded by Nona Cordwell.
